47TH SEASON

flipped

What happens when you turn things upside down? New meanings, amazing possibilities, and alternative realities reveal themselves, showing new ways to make sense of the world around us. Artists, philosophers, and visionaries know that a new perspective can make a world of difference, a little push can go a long way—and when we throw out the rulebook, anything can happen...

ABOUT THE SEASON THEME

EYSO builds each concert season around a specific cultural, historical or social theme, choosing repertoire for its aesthetic quality and artistic significance as well as its ability to teach aspects of history, cultural theory, philosophy, worldview, and aesthetic trends.
